12 November 2009

Dear Parents/Guardians

**Multiple Intelligences**

Week beginning 23rd November will be our Project and Assessment Week. The theme of it will be Multiple Intelligences, thinking about how our brains work in different ways. During the week the children will have a chance to take part in a variety of activities in the following nine categories:

**Linguistic**  
(language)

**Musical**

**Logical/Mathematical**

**Interpersonal**  
(Getting on with others)

**Intrapersonal**  
(understanding ourselves)

**Existential**  
(philosophical and spiritual)

**Nature**

**Visual/Spatial**  
(art, puzzles, problem solving)

**Body/Kinaesthetic**  
(movement)

The children can choose which activities they would like to get involved in. Teachers will give them more information about the categories to help them decide. We would like you to discuss the choices with your child at home as well. After your discussion please fill in the slip below to indicate which activity your child would like to take part in on both Monday and Tuesday. Places for activities are limited but priority will be given to the children who return their slips.

Those of you who have access to internet can find out more about Multiple Intelligences by entering 'Multiple Intelligences bgfl' (Birmingham Grid for Learning) into a Google search. You can also take a test to discover what special intelligences you have yourself!

It should be a super week exploring ourselves as learners and thinkers.

Yours sincerely

Mrs S Williams
