## Strengthening Families Programme

The Strengthening Families Programme is a seven week course that works with families to strengthen their relationships with each other.

Parents and young people meet in separate groups for the first hour, then come together in the second hour for a family session.

The group is led by people from a variety of different agencies and backgrounds.

This group will be held each Wednesday from 4.15pm to 6.15pm commencing on 12th May for eight weeks at the Extended Services Centre (next to Ortongate Medical Centre).

Please ask at the school office for contact details.

## Art Club

The members of the Art Club have been working hard this half term looking at Kenyan fabric painting. We painted a piece of cotton with bright colours and then created a patterned stamp to add a border in black. After that we painted a silhouette of an African animal in the centre.

Our tile painting project was a success and our mosaic now hangs outside the Art Studio. Please take the time to come and admire our work!
